CELUMUSA VINCENT MKHATSHWA

FINAL-YEAR INFORMATION TECHNOLOGY STUDENT | MATHEMATICS EDUCATOR

Johannesburg, South Africa | +27 74 407 1826 |
celumusa99@gmail.com

PROFESSIONAL PROFILE

Final-year Information Technology student and experienced Mathematics educator with more than seven years of professional experience. Currently completing a Bachelor of Science in Information Technology at North-West University, with 328 of 392 credits completed, a 78.70% cumulative GPA and 22 distinctions recorded across 2024-2026. Skilled in programming, databases, systems analysis, data analytics, user-interface development and problem solving. Combines technical ability with strong communication, leadership and the capacity to explain complex concepts clearly. Interested in internship, graduate and junior opportunities in software development, data and AI, business analysis, information systems or educational technology.

TECHNICAL AND PROFESSIONAL SKILLS

Programming: Java, C#, Python, C++, SQL

Software Development: Object-oriented programming, data structures, algorithms, UI programming

Data and AI: Data analytics, statistics, artificial intelligence fundamentals, decision support

Databases: MySQL, relational modelling, normalization, queries and database design

Systems and Infrastructure: Systems analysis and design, computer networks, operating systems

Security and Tools: Information security, Visual Studio, Microsoft Office, Git/GitHub

Professional Strengths: Problem solving, project planning, teamwork, leadership and communication

Languages: English, siSwati, isiZulu, isiXhosa and Sesotho

EDUCATION AND ACADEMIC ACHIEVEMENTS

Bachelor of Science in Information Technology | North-West University | Final year - Expected 2026

NQF Level 7 | SAQA ID 73063 | Cumulative GPA: 78.70%

- Completed 328 of 392 credits; recorded 22 distinctions across 2024-2026; 2026 GPA: 82.82%.
- Selected coursework: Artificial Intelligence, Databases, Computer Networks, Decision Support Systems, Data Analytics, Data Structures and Algorithms, Object-Oriented Programming, Information Security, Systems Analysis and Design, and User Interface Programming.

Bachelor of Education | University of the Witwatersrand | 2018

Majors: Mathematics, Physical Sciences and Natural Sciences

SELECTED ACADEMIC PROJECTS

Municipal Complaint Management System

Contributed to a web-based system that enables residents to submit and track complaints while administrators allocate cases, manage services and generate filtered reports using C#, ASP.NET and SQL Server.

CMA Fitness Management Database

Led the design of a normalized relational database for managing gym members, memberships, class bookings, trainers, payments, attendance and equipment maintenance using SQL tables, views, indexes and queries.

Burns Beach Physio Management System

Designed a Windows and web-based solution for client registration, appointment booking, referrals, invoices, rescheduling and administrative reporting.

Java Programming and Data Structures

Developed object-oriented programs using inheritance, interfaces, custom exceptions, array lists, linked lists, stacks, queues and file handling.

PROFESSIONAL EXPERIENCE

Educator | Rembrandt Park Primary School | 2019-Present

- Teach Mathematics and support learner achievement through clear explanations, structured problem solving and differentiated instruction.
- Maintained a 100% Mathematics pass rate with class averages above 70%.
- Integrate digital tools, coding and robotics activities to strengthen learner engagement and technology awareness.
- Communicate professionally with parents, colleagues and school leadership, and manage deadlines, assessment records and classroom administration.
- Coach boys' and girls' football teams and coordinate district-level activities through the Johannesburg Primary Schools Football Association (JPSFA).

Temporary Mathematics Educator | Hillview High School | January-February 2019

- Taught Mathematics in a secondary-school environment and supported learners with problem-solving and foundational concepts.

LEADERSHIP AND EXTRACURRICULAR INVOLVEMENT

- District Area Manager, Johannesburg Primary Schools Football Association (JPSFA).
- Coach for boys' and girls' football teams; also involved in cricket, hockey, athletics and chess.
- Experienced in coordinating fixtures, communicating with parents and staff, and supporting learner participation at district level.

CERTIFICATIONS

SAFA Level 2 Referee	**2025**
Project-Based Learning Certification	**2025**
Cubroid Coding and Robotics Certification	**2024**
Positive Behaviour Management - Assertive Discipline	**2024**
JPSFA Coaching Course - Mamelodi Sundowns collaboration	**2023**
120-Hour TEFL Certificate - University of the Witwatersrand	**2020**
